

# Display 32"

Intensify your signage experience with priceless smart performance and deliver startlingly clear images in a more eco-friendly way with the edge LED display. High on performance and reliability, yet low on power consumption, it is ideal for projects where no compromise is accepted.

---

## Full HD resolution, Great picture quality

The LED display delivers high definition visuals with a wide viewing angle. Offering high brightness, excellent contrast and smooth moving images.

## Advanced power saving features

LED edge-lit backlighting reduces power consumption and allows for a slimmer cabinet depth.
